

CLEANING CHURCH LINENS GUIDELINE

Soak overnight soiled linens on tap water immediately after use.

After soaking overnight, pour the used water on live plants.

Soak soiled linens in a solution of water and white vinegar if there are visible stains. This will help break up the stains.

Launder the linen and use only one of the following detergents:

Wisk, Surf, Ivory Snow, All, Purex, Fab

The powder version of these products will work best.

Do not use any Chlorox 2 products or Automatic Dishwashing soap.

Do not use any liquid pre-treatment products.

To clean the lipstick stain, rub in some liquid dish soap on them.
